

Bring ScreamFree™ to Your School

Choose from one of our life-changing, revolutionary programs

Licensed Marriage and Family Therapist, Hal Runkel, author of the No. 1 parenting book on Amazon.com, *ScreamFree Parenting: Raising Your Kids by Keeping Your Cool*, has been helping families across the country bring new found calm and happiness to their families for years. Now, you have the opportunity to bring Hal and his revolutionary ScreamFree message to your school.

“As President of the PTA, if I could sponsor just one event to help the parents of my school, and in turn the kids, bringing Hal in to speak would be it. The ScreamFree message applies to every parent – in every situation. It teaches us that we always have a choice – stay calm or freak out - and staying calm always creates the better outcome. ScreamFree changes lives.”

Johna Porter, President, Mason Elementary PTA

PARENTING

Raising Your Kids by Keeping Your Cool

Join us for this life-changing event that is sweeping the nation and will open your eyes to what parenting really should be about. This breakthrough 1-hour seminar has already inspired tens of thousands of parents to create revolutionary changes in their homes. Rather than the typical child-focused and technique-based approaches to parenting, the ScreamFree way equips parents to operate from their highest principles while quieting their deepest fears.

Complete with Q&A and a book-signing, this event always leaves audiences “screaming” for more and is ideal for a School PTA setting or after-hours event. As a follow-up, parents can engage in Small Group Study, purchase the full parent training on DVD, or attend the full parent training live, either hosted by the school or elsewhere in their community.

SMALL GROUP STUDY

Launch new Small Groups amongst your fellow school moms and dads with the **ScreamFree Parent Curriculum**. This comprehensive series can be presented in 4 or 12 weeks and takes a closer look at each of the principles addressed in the book. This journey can be life-changing for participants as they integrate these principles in their everyday lives with the support and accountability found in a small group environment. Includes 4 DVDs, Leader’s Guide, 10 workbooks, and other helpful tools.

FOR HIGH SCHOOLS

Prepare for Liftoff: A ScreamFree Guide to Launching from Teenager to Adulthood

Parents and their teenagers truly crave great relationships with each other – they just don’t know what that’s supposed to look like once the “launching” process begins. This entertaining and relationship-changing 45-minute seminar leads parents and teens alike into a new vision for their immediate future together (and apart). Parents will learn to rise above the typical battles of adolescence and actually become a calming influence in their teenager’s chaotic lives while teenagers will learn to love the idea of launching into responsible adulthood, actually seeking their parents’ help along the way. Most importantly, both groups leave with a renewed desire to create the very relationships with each other they’ve always craved.

“We’ve had Hal in to our High School three times now. With so many stress inducing possibilities in our culture today - drugs, alcohol, college prep, etc. – we all need to learn to calm down. Hal’s ScreamFree message and his personable delivery of it offer new hope for every parent that they’re going to be able to deal with whatever comes their way.”

Liz Gouge, President, Brookwood High School PTSA
